

Serial No.: 10/020,786

REMARKS

As noted by the Examiner in the Notice to Comply, item 7, if the sequences of Figures 20-21 are present in the sequence listing previously submitted to the Office, Applicants need only provide the appropriate sequence identifiers in the BRIEF DESCRIPTION OF THE DRAWINGS. With this Amendment, Applicants have done this, and therefore fully complied with the requirements of 37 C.F.R. 1.821-1.825.

Applicants look forward to early receipt of the notice of allowance in due course. The Examiner is cordially requested to telephone the undersigned if allowance of this application can be expedited thereby.

Respectfully submitted,
GENENTECH, INC.
